

Mrs. Tompkins 7th Grade Math Class

atompkins@gls36.org

847-395-1550

What we'll learn:

- Ratios and Proportionality
- Ratios and Proportions Applications
- Rational Number Operations
- Expressions
- Equations
- Data Distributions
- Probability
- Geometric Measurements

Supplies Needed:

- Pencil
- Workbook
- Chromebook (Charged)
- Assignment Notebook
- Notebook
- Binder/Folder

Classroom Expectations:

- Be Respectful
- Be Prepared & Organized
- Be on time to class and turning in your work
- Try your best
- Don't distract others from learning

Assignments:

Monthly sticker sheets will be due the first day of every month with a parent signature. Each assignment is worth 10 points. If an assignment is late, it will be worth half credit (5 points). If it is missing or not turned in at all, it will be a zero. Most weeks will require 60 minutes of Khan Academy and will be worth 5 points per week.
