

TRIMESTER 2 | 2022

5TH GRADE SOCIAL STUDIES

Ms. Boliaux's Class
at Grass Lake School

WHAT'S HAPPENING

Colonies in North America

We have been learning about the daily life of people living in colonial America. Students are examining the essential question, "what does it take to build a new society?" Students are using their map skills to compare and contrast the three different areas of the colonies, New England, Middle, and Southern.

Focusing on one of these regions within the 13 colonies, students are creating a map that's demonstrating their knowledge towards the influence of trade, resources, climate, territory expansion, and influential colonists and Native Americans.

A NOTE FROM THE TEACHER:

Students receive homework assignments every week. Please check Google Classroom or Infinite Campus for updates on your child's progress.

WHAT'S NEXT

The American Revolution

This month, we will learn about the events that led to the American Revolution. Students will examine various factors, such as the French and Indian War, that led to the colonist's decision to revolt against British rule.

We plan to use discussions from class to fuel our understanding and create some new projects along the way.
